OBJECTIVE

Game design graduate seeking an entry-level position to apply my experiences in UX design/engineering, UI/object-oriented programming, full-stack development, project management, teamwork, and leadership. Available June 2024.

EXPERIENCE

Changeling VR, Rochester, NY

January 2024 - May 2024

Web Developer/UX Designer Intern

- Redesigned and updated the official website for the Changeling VR project.
- Assist the lead developer with project management by documenting/reviewing development notes and updates.

Great Lakes Gaming, Rochester, NY

May 2022 - July 2022

3D Modeling & Animation Intern

- Expanded the repository of Valorant-based assets by creating 4 original 3D models and content for 9 characters.
- Work was used to promote esports events, including the 100th Pit of Valor, the company's largest Valorant tournament to date.

PROJECTS

Changeling VR Official Website (Professional)

January 2024 - May 2024

Technologies used: Visual Studio Code, Javascript, Node.js, HTML5, CSS3, Bootstrap, PixiJS

- Redesigned and reformatted the main and character pages of the official website to better align with design standards and existing content.
- Develop and improve the existing browser games associated with the game characters.

Texastry Bakery Delivery Website - UX Design Case Study (Personal)

October 2023 - February 2024

Technologies used: Figma

- Design and publish prototypes of the website equivalent of my bakery delivery app.
- Responsible for conducting research, creating personas, mapping user flow, producing wireframes/prototypes, and visual design.

Texastry Bakery Delivery App - UX Design Case Study (Personal)

July 2023 - October 2023

Technologies used: Figma

- Design and publish prototypes of a bakery delivery app that incorporates design solutions produced from testing and feedback.
- Responsible for conducting research, creating personas, mapping user flow, producing wireframes/prototypes, and visual design.

RIT Student Information Systems Redesign- UX Design Case Study (Academic)

March 2022 - May 2022

Technologies used: Axure RP 10

- Individually redesigned the RIT student portal to simulate a more streamlined course enrollment process.
- Conduct product research and user testing to develop multiple prototypes based on iterated designs.
